CALL FIRST!

All the information was accurate at the time of print (March 2011). Before going to an attraction, I recommend you call first (sometimes, even the web-sites don't reflect the latest changes):

- To make sure that it still exists.
- That it's open on the day you go, and not closed for private functions
- That the one thing your child really wants to see in this attraction is still offered.
- Most places are closed on December 25 and January 1.
